

# Vote Them All Out - No Republicans - No Democrats - All Elitist Psycho-Genders Must Go!: The Only Way Our American Majority Can Win is with Write-In

If you were an Obama supporter and believed in his YES WE CAN platform for Change, but came to realize that what he was really saying is YES WE CAN - BUT NO WE WONT you will really want to read the commentary in this book! When we see similar YES WE CAN commentary coming from Bernie Sanders, hopefully we have learned the need to demand more than just talk about what is wrong with this nation and demand to know the HOW he plans to effectly put his agenda into action and change all of the wrongs. Question; Since when does any American President, who is leader of his political party, go to the leadership of the opposing political party to help them determine what his latest government policies will look like? The one key difference between Obama and Sanders is the fact that Bernie Sanders has a twenty plus years of history supporting the fact that his concerns have been on going and that he definitely walks his talk! Bernie Sanders criticisms of what is wrong with this country are not new to Bernie and Bernie clearly appears as the one person who will do what he says if given the opportunity and support it will take to accomplish this. A key problem that exists is with the HOW of what Bernie wants done, also relates to the WHO will be called up to assure that these policies will be put forth? So, the big question now directly related to our recent past with Obama is with TRUST. We TRUSTED Obama and his accomplice Democratic-Republican Party and the result was a disaster on most fronts. Clearly, the best choice for America is to VOTE BERNIE IN AS AN INDEPENDENT WRITE-IN CANDIDATE! If you are one of the millions of Americans who voted for and supported the Obama Presidential Campaign for Change, because you believed he was truly the Candidate of the People, and the ideal person for bringing

real CHANGE to Our Great Nation, then THIS BOOK IS MOST DEFINITELY FOR YOU! If you contributed far too much of your hard earned money supporting the Obama Presidential Campaign, because you believed Barack really needed every penny of our financial support in order to WIN the Presidential Election, then this book is definitely for you! If you later felt betrayed to learn the majority of Obamas financial contributions came from Goldman Sachs & Lehman Brothers, the same criminal bankers who brought our economy to its knees, then watched in disgust as no one was ever arrested, prosecuted, or even convicted for their criminal behavior, then this book is most definitely for you! What this book represents is a compelling look at what is becoming another eight years of what had already been for the previous 16 years, and what Our Majority NEVER wanted to see again from Our American Leadership! Lets face it America, everything we thought we knew about our government has proven entirely wrong once we allowed criminals took over, and what we thought we knew about Obama, well, off the charts! Erica Wolf takes us on an exciting journey into the amazingly twisted world of the Barack Obama Presidency and our failing Two Party Political System. Everything related to what often appears to be a morally bankrupt Presidency, is examined; from Illegal Drone Strike Murders, to using National Security as the ultimate cover-up for disguising illegal, unconstitutional, and criminal acts, policies, and behavior against our constitution and nation! Now, what can be more mind boggling than that? 2016 is the perfect time for America to Vote-in Independent Candidates only while Ignoring both the Democratic and Republican Party Candidates and Policies. Clearly the Democratic and Republican Parties have homogenized into one lethal party serving only the interests of the wealthy and corporate terrorists! WE CAN NOT AFFORD TO FALL FOR THAT CRAP EVER AGAIN, PEOPLE, TIME IS

RUNNING OUT FOR OUR AMERICA,  
OUR HUMANITY, AND OUR PLANET!  
WE CANNOT AFFORD TO MISS THIS
